## **Volunteer and Work Experience**

*Owner of small web design firm: 2 hours/week, period of 2 years*

Sole proprietor and employee of a web design business. Worked with clients both to counsel them on what they wanted to achieve in a website, and develop the site and maintenance tools needed to accomplish that goal. Worked primarily in LAMP framework, with some experience in Ruby on Rails. Also versed in Flash animation creation. Experienced in W3C spec CSS2 and HTML 4.01 Strict. Dealt directly and extensively with SQL

*Experienced 3d modeler: 6 hours/week, period of 3 years*

Experienced in the creation of 3d models for game purposes. Worked with 3d Studio Max versions 3.1 through 7 to modify the game Grand Theft Auto: Vice City.

*Hobbyist programmer:*

Have programmed for fun and for small contracts in C/C++, Java, PHP, ruby (standalone and in rails framework), and Perl. Some exposure to python. Well versed in the Eclipse IDE, and using it to interface with subversion via the Subclipse module. Experience coding various data structures.

*Full-time linux user:*

Have used Fedora linux (releases 4, 5, and 6) almost exclusively for all daily computing activities since 2005. Experienced in administrating an Apache/MySQL server (and maintain one for fun in my free time)

*Movie Gallery Customer service associate: 10hrs/wk*

Responsible for checking out customers, nightly bookkeeping, and opening/closing the store when necessary.
